

ART WORKSHOP RETREAT

Bob Burridge

STUDIO MENTOR WORKSHOP

June 12-17, 2022 (Four Teaching Days)

Returning for the 12th year in 2022

www.robertburridge.com **REGISTER NOW**

Since this is a Mentor Workshop - it is up to you what you want to bring and paint on - you can do small warm-ups then work on large pieces. You can paint abstractly, impressionistically or realism. Up to you. There is no theme, only your own personal goals. Because there are only 10 people in this Mentor Workshop, we stress individual goals, bodies of work and personal projects.

Make sure you bring plenty of paper, canvas, paint, varnish, brushes and other stuff you may need!

Side note: One student finished 20 large landscapes at one of these workshops! Others are happy to get one painting a day completed - all up to you, your energy and commitment to your project. Remember - Bob is there to help you with your goals - this is not a "teaching step-by-step" workshop.
