

## Pam Luer

### Nature Sketchbooks

### Watercolor, pencils & other mixed media

#### Supply List

Sketchbook 9 x 12 or smaller, please be sure the paper has at least 25% cotton. Look for heavy weight watercolor or mix media paper. We are using watercolor pencils. Please do not bring drawing. You'll be disappointed right from the start.

A couple of my favorite sketchbooks include:

- Stillman & Birn 8 x 10 Beta or Dela series.
- Strathmore 400 series softcover workhorse of a book.

If you have a variety of watercolor papers from your collection, or a small watercolor palette and brushes bring them along as well. Although keeping our kits portable is our goal.

Graphite drawing pencils. 6B-4H just a couple will do

Derwent watercolor pencils, (small collection) 12

Peerless Watercolor Sidekick. Check with Dillman's. They will have this item available for the workshop.

Art Aquash water-brush. The brush has a vile that contains all the water you need. They come in different brush sizes so you may want a couple options.

Open mind and curious heart.

Backpack or bag for all your materials. Keep it portable and easy. We will be moving about outdoors with your gear.
